The Data Protection Act

The Data Protection Act 1998 came into force on 1 March 2000 to bring the UK in line with a European Community Data Protection Directive and achieve a common standard of protection across Europe. The purpose of the Act is to protect the individual rights and freedoms of individuals, especially their right to privacy with respect to the processing of personal data. The Act applies to personal data (information that identifies a living person) whether it is held on a computer system or on paper. There are particularly stringent rules surrounding 'sensitive' data such as pupil identifiers, pupil characteristics, special educational needs, health, religious beliefs, ethnic background, home address and criminal offences.

St. Peter's C.E. Primary School is registered under the Data Protection Act 1998 as a Data Controller and aims to fulfil its obligations to the fullest extent and to comply with the eight data protection principles.

Data will be:

1. Fairly and lawfully processed
2. Processed for limited purposes
3. Adequate, relevant and not excessive
4. Accurate and up to date
5. Not kept for longer than is necessary
6. Processed in line with the rights of the data subject
7. Held securely
8. Not transferred to other countries without adequate protection

Privacy Notice - Fair Processing of Data

The school has a duty under principle 4 of the data protection act to check that children, parents and carers information is accurate and up to date. It fulfils this by sending out a data collection form to parents/carers on an annual basis. This form will also include a privacy notice which outlines to the parent/carer:

- What information is held
- Why the information is held
- Who the information is shared with

The current privacy notice for children, parents and carers can be found here:
<https://extranet.bolton.gov.uk/website/pages/view.aspx?f=Privacy Notice Template - Pupils - Sep 14-DFI.doc>

The school also has a duty to check that staff information is accurate and up to date. It fulfils this by asking staff to complete a data collection form. The form will also include a fair processing notice which will outline:

- What information is held
- Why the information is held
- Who the information is shared with

The current privacy notice for staff can be found here:

<https://extranet.bolton.gov.uk/website/pages/view.aspx?f=Privacy Notice Template - Workforce - Sep 14-DFI.doc>

Information Security

The school has a duty under principle 7 of the data protection act to ensure that data is handled securely. To fulfill its obligations under the act and to comply with Cabinet Office guidelines outlined in “Data Handling Procedures in Government” the school will adopt the following to maintain data security:

- Users may not remove or copy sensitive or personal data from the school or authorised premises unless the media is encrypted and is transported securely for storage in a secure location.
- When data is required by an authorised user from outside the school premises (for example, by a teacher or student working from their home or a contractor) they must have secure remote access to the management information system (MIS) or learning platform.
- Users must protect all portable and mobile devices, including media, used to store and transmit personal information using approved encryption software.
- Sensitive or personal data must be securely deleted when it is no longer required.
- Computer passwords should not be disclosed or shared between users
- Files and paperwork that identifies individuals must never be left unattended and must be stored in locked cabinets within a controlled access room that must be locked when not in use
- All staff processing personal information should be appropriately trained

The school will introduce a protective marking scheme to ensure that all data – electronic or on paper – is labelled according to the protection it requires based on Impact Levels:

Impact level	Colour Code	Memory stick?	Example
IL0–Not Protectively Marked	Green	Yes	Newsletters, public information
IL1- Unclassified	Green	Yes	Generic letters to parents containing no personal data
IL2–PROTECT	Yellow	No	Basic student information such as name and address
IL3–Restricted	Red	No	Sensitive Student information such as ethnicity or FSM status
IL4-Confidential	Red	No	Highly sensitive student data relating to child protection

An Information Risk Register will be created and maintained by the school which summarises each information asset the school maintains. Appropriate measures will be taken to mitigate the risk of disclosure of each information asset based on the impact level assigned. The information risk register can be found in Appendix 1.

Incident reporting

Records will be maintained of any suspected breaches of information security using the form attached in appendix 2

The form will be completed in the event of loss of unauthorised disclosure of information. The details of the incident will be used to create a correctional action plan to ensure that a similar incident does not happen again.

Following a reported incident, the school will investigate and after liaising with the Local Authority decide if the incident is of sufficient severity to report to The information Commissioners Office.

Record Retention

The school maintains a records management policy which details compliance with the Lord Chancellor's Code of Practice which can be found here:

<http://www.justice.gov.uk/downloads/information-access-rights/foi/foi-section-46-code-of-practice.pdf>

A detailed retention schedule and protective marking scheme is outlined in [appendix 1](#)

This retention schedule is based on guidance from the records management society:

http://www.irms.org.uk/images/resources/infoguides/records_management_toolkit_for_schools_version_4_may_2012.pdf

It encompasses records managed by all types of school – some of the file descriptions listed may not be relevant to every school.

Regarding documents marked as offer or transfer to Archive, it would be the schools responsibility to contact Bolton Archives service on 01204 333173 or e-mail libraries@bolton.gov.uk

**Please note that retaining documents beyond their retention or transfer dates may breach principle 5 or the Data Protection 1998 (see [principles](#))

Disclosure of personal information

Personal information will be disclosed to 3rd parties under the following conditions:

Information sharing with professionals working with children

Information sharing between professionals is vital to ensure the wellbeing of Children. The school will follow the “7 golden rules of Information Sharing” described by the DfE:

1. Remember that the DPA is not a barrier to sharing information
2. Be open and honest with the person or family
3. Seek advice if you are in any doubt
4. Share with consent where appropriate
5. Consider safety and well-being
6. Necessary, proportionate, relevant, accurate timely, and secure
7. Keep a record of your decision and reasons
8. Unauthorised disclosure of personal data is a criminal offence under Section 55 of the Data Protection Act 1998 and will likely lead to disciplinary action

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/277834/information_sharing_guidance_for_practitioners_and_managers.pdf

Investigation of a crime

The school will treat requests for information from an official bodies related to criminal or taxation purposes under Sections 28, 29 and 35 of the Data Protection Act 1998. The school requires the requestor to complete the Request for personal data form (Appendix 3).

Under section 29 requests from the police will be countersigned by a person no lower than inspector. For requests from other organisations other than the police, the form will be countersigned by a person of a higher position within the organisation than the person making the request.

Generally, the school reserves the right not to release the data but there may be situations such as the receipt of a court order that requires the school to release the information.

Access to Pupils Records

There are two distinct rights to information held by schools about pupils.

- 1 The Subject Access Right (SAR) – under the Data Protection Act 1998 a pupil has the right to a copy of their own information. In certain circumstances requests may be made by a parent on behalf of their child.
- 2 Rights to the educational record – under the Education (Pupil Information) (England) Regulations 2005, a parent has the right to access their child’s educational record.

A child or young person will always be the owner of their personal information as defined within the Data Protection Act 1998, however if a young person is incapable of making their own decisions which is generally accepted as under the age of 12, The primary carer or guardian would act on their behalf. This authority is only extended to functions that are in the ‘best interests’ of the child or young person.

The school will respond to the request within 40 Calendar days. If this request comes from someone other than the individual, the school will consider the capability of the individual and also must ensure the requester is acting in the best interests of the individual.

Requests for information from pupils, or parents, for information that contains, wholly or partly, an educational record must receive a response within 15 school days. Most requests for information are likely to ask for at least some information in the educational record.

Under the Regulations, requests from parents to view their child's **educational** record will be dealt with by the Board of Governors. All other requests for personal information from the **pupil**, or someone acting on their behalf, will be dealt with by the Head Teacher on behalf of the school.

The Protection of Freedoms Act 2012

The Protection of Freedoms Act was introduced in February 2011 and came into force on 9th May 2012 with the commencement orders coming into force in July 2012. It is an Act to impose consent and other requirements in relation to processing of biometric information relating to children, to provide a code of practice about surveillance camera systems amongst other things.

CCTV AND OTHER SURVEILLANCE CAMERA TECHNOLOGY

CCTV surveillance has become a common feature of our daily lives and now there is an increasing use of these in and around educational settings. Information held by the school is covered under the Data Protection Act 1998 (DPA).

Recorded material will be stored in a way that maintains the integrity of the image. Once there is no reason to retain the recorded images, **they will be deleted**.

In area where CCTV surveillance is being carried out there will be clear markings to reflect this.

Subject access requests for CCTV images

Individuals whose images are recorded have a right to view the images of themselves and, unless they agree otherwise, to be provided with a copy of the images. This will be provided within 40 calendar days of receiving a request. The School may charge a fee of up to £10

BIOMETRIC DATA

Biometric technologies are those which automatically measure people's physiological or behavioural characteristics. Examples include automatic fingerprint identification, iris and retina scanning, face recognition and hand geometry, and their use is becoming increasingly popular in educational settings.

Before the first processing of a child's biometric information, the school will notify each parent of the child:

- Of its intention to process the child's biometric information
- That the parent may object at any time to the processing of the information.

Schools must comply with data protection principles and additional requirements in sections 26 to 28 of the Protection of Freedoms Act 2012 in order to use Biometric Technologies. The school needs to ensure that

- a) each parent of a child is notified of the school's intention to use the child's biometric data
- b) written consent of at least one parent must be obtained before the data are taken from the child
- c) **In no circumstances can a child's biometric data be processed without written consent.**

The school is not required to notify a parent, or obtain the consent of a parent, if the school is

satisfied:

- a) The parent cannot be found
- b) The parent lacks capacity (within the meaning of the Mental Capacity Act 2005) to object or consent (as the case may be) to the processing of the child's biometric information
- c) The welfare of the child requires that the parents is not contacted
- d) It is otherwise not reasonable practicable to notify the parent or (as the case may be) obtain the consent of the parent.

Disclosure of non - personal information / FOI Requests

The school as a public authority is subject to The Freedom of Information Act 2000 and all requests for information that is not personal information must be treated as a Freedom of Information request. FOI requests must be fully responded within 20 (school) working days by law. The information will be provided unless the school can provide an exemption under the FOI act

A more detailed guide to FOI exemptions is here:

https://ico.org.uk/media/for-organisations/documents/1642/guide_to_freedom_of_information.pdf

Roles and Responsibilities

The senior information risk owner (SIRO) for the school is the headteacher.

They are responsible for:

- Owning and updating this policy
- Owning the information risk register
- Appointing Information Asset Owners (IAOs) for each Information Asset
- Advocating information risk management and raising awareness of information security issues
- After liaising with the Local Authority decide if a security incident is of sufficient severity to report to the information Commissioners Office.

Information Asset Owners are responsible for:

- Ensuring the information is used for the purpose it was collected
- How information has been amended or added to over time
- Who has access to protected data and why

All staff are responsible for ensuring that information is managed according to this policy.

Retention schedules and impact levels

NOTE TO SCHOOLS:

This retention schedule is based on guidance from the records management society:

It encompasses records managed by all types of school – some of the file descriptions listed may not be relevant to every school.

These retention periods should be used in conjunction with the document "Safeguarding Children and Safer Recruitment in Education which can be downloaded from this link:

1.1	Child Protection files	Yes	Education Act 2002, s175, related guidance "Safeguarding Children in Education", September 2004	DOB + 25 years [1]	SECURE DISPOSAL	Child Protection information must be copied and sent under separate cover to new school/college whilst the child is still under 18 (i.e. the information does not need to be sent to a university for example)	IL4-Confidential
1.2	Allegation of a child protection nature against a member of staff, including where the allegation is unfounded	Yes	Employment Practices Code: Supplementary Guidance 2.13.1 (Records of Disciplinary and Grievance)	Until the person's normal retirement age, or 10 years from the date of the allegation whichever is the longer	SECURE DISPOSAL	The following is an extract from "Safeguarding Children and Safer Recruitment in Education" p60	IL4-Confidential

			Education Act 2002 guidance "Dealing with Allegations of Abuse against Teachers and Other Staff" November 2005			"Record Keeping	
						5.10 It is important that a clear and comprehensive summary of any allegations made, details of how the allegation was followed up and resolved, and a note of any action taken and decisions reached, is kept on a person's confidential personnel file, and a copy provided to the person concerned. The purpose of the record is to enable accurate information to be given in response to any future request for a reference if the person has moved on. It will provide clarification in cases where a future CRB Disclosure reveals information from the police about an allegation that did not result in a criminal conviction. And it will help to prevent unnecessary reinvestigation if, as sometimes happens, an allegation re-surfaces after a period of time. The record should be retained at least until the person has reached normal retirement age or for a period of 10 years from the date of the allegation if that is longer."
