

Half Term Project

Crime and Punishment!

We have been learning about how punishments have changed throughout history and so we are linking our project to our topic work.

You can research a particular area of crime and punishment from any era in history. Then, you are to produce a piece of work linked to your chosen area. You can make a model, produce a PowerPoint, draw a piece of art, write a report/story or a poem. The choice is all yours. You have the half term holiday to create your piece and need to bring this into school by Wednesday 28th February.
