

Year 3 Home - school Project

In Year 3, our Autumn Term topic is Stone Age to Iron Age. We will be learning all about what life was like.

Your challenge is to complete a project all about The Stone Age!

This might be:

- *A hand-written project with illustrations / photographs*
 - *A PowerPoint presentation*
 - *A model of a Stone Age home / tool*
 - *Leaflet / booklet*

You may wish to do some more research on the Stone Age - from the internet or from information texts.

You can be as creative as you like!

All projects to be completed and brought into school on Monday 6th November.

Good luck!
